## To Whom It May Concern,

I have known Warwick Marsh for nearly 3 years. For most of these years his role has been head Co-ordinator of Praise Corroborree.

As I have become close to Warwick in working with him through P.C. I can honestly say that he is one man I love to be around.

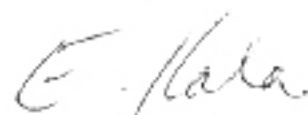

Warwick and his wife Allison are a beautiful couple who have 5 beautiful children. Of the times I have spent with Warwick I have seen a man of God with his house in order. Warwick and Allison are a respected couple among many people who will testify the same.

Warwick is an honest man with a heart for the kingdom of God and desires the best for his fellow man. He is a man of integrity and a man of his word. He is committed to his family, his church and most of all to God. The tasks that lay before him are carried out with precision and accuracy.

Warwick is an Evangelist, an encourager, a fine musician and song writer. Together with his family they have ministered throughout Australia and recently to other countries around the world.

They have produced music C.D's, been involved in musical events, ministered in many churches and are a great witness and testimony to all who come in contact with them.

In whatever avenue Warwick pursues, he has my support and I would not hesitate to recommend him.
